WILLARD F. LEARNED IS ORDAINED AT LARGE SERVICE

Makes Address on Eve of His Departure; W. B. Kirk Tells Church's Appreciation

A large audience gathered last night at the Central Christian church to listen to a sermon by Willard F. Learned and later to witness his ordination to the ministry of the church. Mr. Learned is the son of Mr. and Mrs. Eugene H. Learned of Sixth street, Glendale. He has lived in Glendale about all of his life, graduated from the Glendale Union High school, and has served for seven years as superintendent of the Sunday school of the Christian church.

Following his ordination of last night, he will leave shortly with his bride of a few weeks for the School of Missions, a denominational school at Indianapolis. Upon their completion of a two-years' course, they will take up their life work as missionaries in the foreign field. His address last night was of a practical and inspiring character. Topic, "What Shall I Do with My Life?"

Mr. Learned said, in part:

"To every man and woman comes this momentous question, 'What shall I do with my life?' We are free moral agents and are free to choose. Not only are we recipients of every-day blessing, but God has given to us the priceless privilege of choosing our lives, our destiny.

Goodness and Greatness

"This act is an index to God's goodness and greatness, and His trust in us. We have but to look around to see how many abuse this trust, by living lives of self and for a selfish purpose. It is our duty to make a useful life, a life with a lofty purpose. We all admire the young person who has a definite object in life, not creatures of wind or of circumstance, but with sight fixed on a goal.

"This is the characteristic of all great men. Each must answer the question, 'What shall I do with my life?'

"Mankind is divided into two classes. One class, and I fear a large one, is living to serve themselves, and the other, and smaller class, to serve others. But it is out of this latter class that come the great men and women who bless the world and build monuments of loving deeds. Alfred the Great was such a ruler. He was good and honored by his people. Also George Washington. But the highest type of service and sacrifice is the life of Jesus Christ, our Savior. He should be our example.

Big Need of Workers

"There is a great need everywhere. The harvest is white, the laborers few. Nearly every profession is overcrowded, but here is a high calling. It needs you and offers a golden opportunity."

At the close of the address, Mr. Learned was ordained by the pastor and elders of the church.

W. B. Kirk, in an appreciative speech, presented to Mr. Learned a cash gift from the church and on behalf of the church wished to both Mr. and Mrs. Learned great success.

The entire congregation filed past the young couple, shook hands and wished them God-speed.

Today's World News In Brief

(By United Press to Glendale Evening News)

STEEL COMMON, LOSS; RAILS STRONG ON EXCHANGE

NEW YORK, Sept. 12.—Steel Common and some of the other speculative leaders showed initial losses in the first hour's trading on the New York stock exchange today. Studebaker, Baldwin, Mexican Petroleum and Kelly-Springfield were off from $\frac{1}{8}$ to 2 points. Rails on the other hand showed strong in early trading. Northern Pacific and Reading advanced.

ARREST SUSPECTS IN MURDER OF AUTOMOBILE AGENTS

CHICAGO, Sept. 12.—Search for accomplices of Harvey Church in the fiendish murder of Bernard J. Daugherty and Carl Ausmus, Packard Motor Company salesmen, netted two suspects today. Church confessed to binding and then beating his two victims to death to obtain a \$5,400 Packard de luxe. Conflicting statements led police to believe he did not commit the crime unaided.

IRISH FORWARD ACCEPTANCE OF BRITISH INVITATION

LONDON, Sept. 12.—The reply of the Dail Eireann accepting the British invitation to a conference at Inverness, September 20, which was forwarded today, includes a reservation regarding the allegiance of Ireland to the British crown. The Evening News stated today. The British cabinet's invitation expressly stipulated that Ireland's remaining within the empire was a basic condition of the conference.

GERMAN EXCHANGE LOWER; FRENCH FRANC IS WEAK

NEW YORK, Sept. 12.—German exchange was off at the opening today, the mark having declined to .0093, a record low for all time. Deficit in the German budget and collapses of the mark in London exchange were responsible. The French franc displayed pronounced weakness at the opening, selling down to .0723 $\frac{1}{2}$; lire 0.424 and demand sterling \$3.73; kronen .1755. The weakness in French and Belgian francs and in lire is due to the possibility that Germany will encounter difficulty in meeting future reparations and indemnity required because of the decline in the mark.

DEAD IN TEXAS FLOOD WILL TOTAL OVER 100, IS CLAIM

DALLAS, Tex., Sept. 12.—The dead in the flood terror in central Texas will total more than 100 according to reports received here today from the stricken area. Bodies of forty-seven victims of the floods of Friday and Saturday have been recovered at San Antonio. Relief work is now under way and clearing of wreckage, under which more bodies may be found, has started. Reports from Taylor stated thirty Mexicans had been drowned on the farm of J. M. Bowren, ten miles from that city. Five were reported dead at Calvert and Bryan. Georgetown dispatches announced the death of two persons there.

FEDERAL GOVERNMENT SEEKS BERGDOLL POT OF GOLD

WASHINGTON, Sept. 12.—The federal government today started to "dig" for the famous Bergdoll "pot of gold." Court action asking that Mrs. Emma C. Bergdoll, mother of Grover Cleveland Bergdoll, millionaire Philadelphia slacker, be compelled to turn over to the government \$105,000 in gold coin which she withdrew from the federal treasury in 1917, was instituted today in Philadelphia by Thomas W. Miller, alien property custodian. Should the court hold the alien property custodian's demand for the gold be legal and Mrs. Bergdoll then refused to produce it, she could be jailed or fined for contempt of court.

URGES SETTLEMENT OF MANDATES BY ALLIES AND U. S.

GENEVA, Sept. 12.—Dr. Wellington Koo, on behalf of the league of nations today addressed a formal note to the allies, stating that while the recent United States note on the subject of mandates marked progress in the matter, it was still unsettled. He urged that the allies and the United States complete their agreement immediately and urged the league council to issue its mandates before the assembly adjourned. The note was sent to England, France, Japan, and Italy individually. Chile and Bolivia agreed today that their dispute over revision of their 1904 treaty shall be laid before the assembly of the league of nations on Thursday for final decision.

SHOOTS SIX TIMES AT MAN BELIEVED TO BE GARDNER

TACOMA, Wash., Sept. 12.—Roy Gardner is believed to have sallied forth over the week-end to furnish more excitement for Warden Thomas Maloney's guards, who have been trying to capture him since last Monday when he escaped from McNeil's Island federal prison. The fugitive bandit was reported to have been seen by Charles McLean, a prison guard, Sunday morning at daybreak. McLean shot six times at the shadowy figure, believed to be the missing convict. None of the shots are thought to have taken effect. McLean also reported having seen a figure on the road between the penitentiary and Gertrude, a small community on the south side of the island, at 1 o'clock Saturday morning.

ARBUCKLE BROUGHT INTO COURT ON MURDER CHARGE

SAN FRANCISCO, Sept. 12.—Roscoe ("Fatty") Arbuckle, once a San Francisco bar boy and now favorite of movie fans, perhaps numbered in millions, faced a police court today to answer a charge of murdering beautiful Virginia Rappe, Los Angeles movie heroine. He lined up with the Monday morning crowd of drunks, petty criminals and vagrants and marched from his barred jail cell on "felons' row" to the cage in the court rooms of Police Judge O'Brien. There he took his turn on the dock and "Fatty" was scheduled to wait the pleasure of the court. Indictment of Arbuckle on a charge of first degree murder will be asked of the San Francisco grand jury tonight, District Attorney Mathew Brady announced today. Federal authorities turned attention to the case today. "We intend to find out where the liquor served at Arbuckle's party came from," Deputy Prohibition Agent Thomas Brown announced. It was understood that the defense and prosecution had agreed that today's court proceedings be merely perfunctory and that his case be continued until after the grand jury investigation tonight and probably until after the inquest set for Thursday. Dispatches say that theatre owners throughout the country are refusing to show Arbuckle pictures until after the outcome of the movie star's trial.

Gertrude Hawkins Given Surprise on Birthday Anniversary

Mrs. Joe Hawkins of 420 East Harvard street was host on Saturday night at a novel surprise party, given in honor of the birthday of her daughter, Miss Gertrude Hawkins. About a dozen of her Glendale friends attended the affair, which was a "surprise party" in every sense of the word; Miss Hawkins being completely unaware of the gay celebration until the guests "dropped in" on her.

The first part of the evening was enjoyed in dancing and a general good time. The various jazz strains for the dancers were furnished by several of the guests, who also entertained with an excellently rendered musical program.

At 10 o'clock a delicious course of refreshments was served, after which the entire party "postponed" their festivities for a half hour. During this thirty-minute period the young people were speeding toward Tujungua, where they completed the evening's entertainment. A large bonfire was built in the middle of the Big Tujungua wash, around which the members of the party gathered for an hour, taking part in baking "wienies" and roasting marshmallows. Prior to returning to their homes in Glendale the crowd joined in singing "Home, Sweet Home."

Miss Hawkins was presented with numerous useful and artistic gifts during the evening by her friends and admirers.

Those who assisted Mrs. Hawkins in celebrating her daughter's birthday were Misses Mildred Smith, Dorothy Rowley, Alice Holmes, Margaret Crawford and Elaine Hudson; Messrs. Donald Cowlin, Robert Rowley, Frank McGillis, Eustace Rowley, Roy Selover and Al Mackenzie.

Annual Outing and Picnic Is Held by Engineer Department

The annual outing and picnic of the city engineering department took place Sunday at Fish Canyon, which is located in the Sierra Madre mountains northeast of Monrovia. Five of the employees of the department and their wives and friends took part in the gay occasion which began at 9 a. m., when the party left Glendale in three automobiles.

The day was spent in swimming, hiking, dancing and a general good time. An old-fashioned picnic dinner, in which each of the merry-makers furnished a basket of lunch, was enjoyed late in the afternoon.

Those who took part in the happy gathering were Mr. and Mrs. A. W. Colon, Mr. and Mrs. Albert G. Wheeler, Mr. and Mrs. Wilmot J. McIntyre, Misses Agnes Manning and Catherine Wright, and Messrs. T. Ralph Goodman and Hubert Woods.

Nine Houses Will Be Built on West Lomita; Four on East Elk Avenue

This morning nearly \$50,000 in permits were issued by Building Superintendent Frank A. Marek. The exact total for the month is \$153,700 and for the year \$3,049,169.

Among the important building operations noted is a row of nine houses to be put up by Glade & Etting on West Lomita avenue at the cost of \$18,000. A. G. Smith, another Glendale enthusiast, is starting work on four houses in the 500 block in East Elk which will cost \$10,800.

Old Settlers Will Attend Reunion and Picnic on Saturday

The annual "get together" picnic and reunion of the Old Settlers' Association of the San Fernando valley will take place next Saturday, September 17, at the Echo park picnic grounds in Los Angeles. The gathering will be an all-day affair, most of the members having planned to assemble on the grounds about 10 o'clock.

J. C. Sherer, president of the organization, and Mrs. Grace W. Addison, secretary, are making preparations for the largest and most successful gathering in the history of the association, and they are especially desirous that this may be a neighborhood reunion attended by as many as possible of those who believe in getting together at least once a year for an enjoyable time. The picnic is requested to carry basket lunches, although hot coffee will be served by a committee of the organization.

The Old Settlers' association has been organized for a number of years, its purpose being that of a social group of men and women. Over half of the membership, which includes residents from all of the older cities and communities in the San Fernando valley, is composed of Glendale citizens. During the past few years many of the original members of the association have passed away, and the present officers and members are desirous that new members will join in the near future.

Taliaferro of 329 Oak street, has just completed a copy of the famous drawing of Pharaoh's Horses, which he has worked out in most minute detail in charcoal. The picture has been set in a silver frame and is quite striking. Mr. Taliaferro states that his son has had very little special instruction outside of that given at the high school and that this special training has been along the lines of cartooning.

Central Methodists Destroy Mortgage in Impressive Ceremony

Removal of the "stumbling block" at the Central avenue Methodist church yesterday morning proved a beautifully impressive service for members of that congregation who raised funds to burn the mortgage approximating \$4,000. Messrs. Wallace and Griffith carried out the huge block which stood before the altar at the opening of the services and the Misses Hunt and Williams presented the Rev. V. Hunter Brink with a bouquet representing the appreciation of the young people in having the debts cleared.

The Rev. H. Goodsell, representing the church, and Beryl Mitchell and Paul Townsend, representing the young people, brought in the candles the latter two lighting the one held by Rev. Goodsell who in turn passed to Rev. Brink for the mortgage burning ceremony.

The Rev. W. L. Y. Davis, Pasadena district superintendent, preached the sermon, using the subject, "The Light of the World." Dr. Joseph Marple sang and the choir also rendered an anthem befitting the occasion.

In the Sunday school earlier in the day, a thermometer registered the appreciation of the young people who pledged \$250 on the mortgage. More than \$125 was raised, it is stated, at yesterday's service.

Westphal and daughters Ruth and Grace, Mr. and Mrs. I. A. Ness and son, Dr. and Mrs. C. A. Brandstater and children, Mrs. G. W. Fred Deal Is Going to Take Lunch Next Time, So He Declares

"Hereafter we'll take sandwiches along."

It was Fred Deal, manager of the Pacific Telephone & Telegraph company offices here, speaking.

For yesterday Mr. and Mrs. Deal of 237 North Louise street motored to Oak Glen Lodge in the San Bernardino mountains only to find that the kitchen at the camp was short of provender for an extra large crowd.

Not until after 3 o'clock when Beaumont was reached did Mr. and Mrs. Deal eat—and were they hungry?

It was with restraint that the telephone man did not get out of his car and take a few apples from the over-lodged orchards in the vicinity of Yucaipa.

NEW OFFICERS ARE NAMED

About forty members of the J. O. C. class met Saturday afternoon for their regular monthly business meeting, at which time officers for the ensuing year were elected, and after which a basket picnic was enjoyed. ISSUE WARNING ON RABIES

J. L. Pomeroy, county health officer, has sent Dr. J. E. Eckles, city health officer, information regarding the control of that malady. It states that "all animals having, or suspected of having, rabies shall be confined to private premises of the owner by a steel chain or closed cage for ten days or until released by the health officer."

"In no case should the animal be killed," his letter adds, "so as to destroy the head. The Pasteur treatment should be administered victims without delay. The state board of health provides it without expense to those who cannot afford the treatment."

C. D. LUSBY SELLS INTEREST

C. D. Lusby, who has been associated with Arthur Campbell in the real estate and insurance business for the past year, has accepted the position of cashier in the new Glendale State bank to open soon. Mr. Campbell has purchased Mr. Lusby's interest in the real estate and insurance business, and will continue the business in his name at 110 East Broadway.

PLANS SEVEN-ROOM HOUSE

Architect William Barber of Los Angeles is preparing plans for a seven room frame and plaster residence to be erected by D. C. Methven of 415 West Elk avenue.

GREAT INCREASE IN NUMBER OF PUPILS IN CITY SCHOOL

New Record Is Established by Attendance; Classes Will Start Tomorrow

Twenty-five per cent increase in enrollment this year is predicted for the schools of Glendale. Indications that this will be a fact are obtained from Richardson D. White, superintendent of the city system, who states that the intermediate school shows a first day registration of 511 over 402 the same day last year.

"No doubt the other schools will have similar reports," he said at noon today when interviewed by the Glendale Evening News. "The first day this year will likely show an increase of 400 over 1920 and 800 over 1919, which means a 50 per cent more increase with only four additional rooms to handle them."

Regular Classes Tomorrow

"Classes will start regularly tomorrow, although we likely will have many adjustments to make. Already the necessity of an additional teacher is apparent and I have employed Miss Gertrude Grider to teach elementary Spanish and other studies in addition to the regular teaching corps at the intermediate."

An avalanche of students poured into the high school this morning, according to Principal George U. Moysie who stated that the enrollment the first day would be upwards of 1000. The teaching organization was prepared for the event, however, and the young people are divided into groups of twenty-five or more in the various roll rooms.

Due to the fact that the batteries in the annunciator system failed this morning, the regular routine of the school will not be taken up until tomorrow morning at 8:15 o'clock, according to Mr. Moysie. Regular classwork then will be organized and the great organization started on a year's work.

Many Suburban Students

From the number of automobiles in evidence at the high school, there is an extraordinarily large number of suburban students attending as the Glendale district includes Eagle Rock and the foothills.

Book, stationery and drug stores dealing in school supplies were crowded this morning with pupils buying needed equipment for the opening semester. Mrs. C. H. Bott of the Glendale Book store states that it is a great relief not to have text books for the sale, this being the second year they have been furnished to both grade and high school students by the state department of education.

Return From Three Weeks' Visit With Friends at Sequoia

Mr. and Mrs. F. R. Buchanan and son Robert and daughter Helene of 242 North Orange street returned, by automobile, early Saturday morning from a three weeks' visit at Sequoia National park. While there they were guests of George Hingst, an uncle, who makes his home at the park.

One of the many trips made by Mr. Buchanan, son Robert and George Hingst included a visit to the beautiful Redwood Falls, which drops about 150 feet and is most magnificent. This falls is almost inaccessible, and Mr. Hingst and party were the first white people to visit it. There is no trail, the way being through brush, with the exception of the last 400 or 500 feet, which is along the steep side of a rocky wall, with only crevices to catch hold of. After reaching the falls, Mr. Buchanan states that they caught the limit of rainbow trout in an hour and a half.

Mr. and Mrs. Buchanan and party also visited the big trees and other points of interest in the park, leaving there for Glendale late Friday night. They express themselves as having had a most delightful trip. Mr. Buchanan states that the roads into the park are excellent, but that there are quite a number of heavy grades.

Mrs. A. E. George and son, Francis, of Twin Falls, Idaho, have come to spend the winter in Glendale. They are looking for a home in southern California, and, if a suitable place is found here, they will make Glendale their future home.

Victor Francy, son of Mr. and Mrs. David Francy of 136 North Kenwood street, has registered at the University of Southern California for a four-year course in physical culture, in preparation of his becoming a teacher of that subject.

Clark Christy of Downey spent the week-end in Glendale with his wife, who is visiting at the home of her parents, Mr. and Mrs. Charles P. Price of 304 North Kenwood street. Mrs. Christy will return to her home in Downey the latter part of this week.

Mr. and Mrs. Ed. Mahoney of Upland, who have been making an extended honeymoon trip by automobile through the central and southern parts of California, are guests for the week at the home of Mr. and Mrs. Walter Jones of 312 West Vine street.

Mr. and Mrs. L. H. Applegate of 1002 East Harvard street have returned from a several months' visit in Philadelphia, and will remain in Glendale for over the winter. Next summer Mr. and Mrs. Applegate will go to New Jersey and will then return to Glendale to remain here permanently.

Mr. and Mrs. J. M. Swaner of 452 West Milford street have as their guests Mr. Swaner's brother, "Jack" Swaner, who motored down from Coalinga Saturday and will remain here for several days, and sisters, Miss Zuma Swaner and Miss Lyda Swaner, who arrived Sunday on the Santa Fe from London, Kentucky, and will remain here for over the winter.

S. P. Stanford of 245 South Orange street and C. B. Stanford of 208 South Orange street returned last night from a trip to Coachella Valley, where they had been looking after their ranch interests. One of the greatest Date Fairs that has ever been held in the United States will take place in the valley October 21, 22 and 23, when the International Date Congress will hold session. Representatives will attend from over twenty-one different countries in the world.

Mrs. H. B. Grenfell of 1101 East Broadway has returned from a week's stay at Oakland, where she attended the wedding of her sister, Miss Elsie Wharton of that city, to Homer Mead Babcock of Santa Cruz, which took place at noon Friday at the Congregational church of Oakland. The return trip was made by automobile, on which Mrs. Grenfell was accompanied by her mother, Mrs. H. A. Wharton, and two sisters, Mrs. E. M. Alexander and two children and Mrs. J. P. Flynn, and sister-in-law Mrs. Bert Wharton, who will remain in Glendale for a week as her guests.

Mrs. D. W. Cunningham of West Sixth street and W. E. Hewitt and mother of 911 East Randolph street, together with Los Angeles friends, attended a most unique affair in the form of a Hawaiian dinner given Saturday night by Miss Pope of Chicago at her Pasadena home. The food was prepared in real Hawaiian style and was served with the guests seated on the floor, as is the custom in that country. Decorations were of pepper boughs. The walls were draped in Hawaiian fancy work, one of the pieces being a very elegant quilt embroidered with the coat of arms of that country.

O. E. Von Oven Says Realty in Demand and Gives Evidence

On the eve of leaving on his long delayed vacation, O. E. Von Oven reports business in all Guthrie offices as being brisk. Among some of the recent transfers of property he gives the following:

George McConnell of 125 East Eulalia street sold his home to A. J. Bechtie of Los Angeles, who has already taken possession of the same. Mr. McConnell was very suddenly called north on business and regrets leaving Glendale.

Andrew J. Nielsen of 362 West Harvard street has purchased a lot on North Isabel street from W. A. George of Hermosa Beach, on which he intends to erect two beautiful bungalows.

Albert Marple of 202 West Palmer avenue for his future home has purchased a lot on Louise street, just north of Windsor Road from Mrs. Randolph.

Mrs. Addie Atkinson of Fountain street, Los Angeles, found herself thrown out of a house and home suddenly and purchased a lot on Mariposa street from F. A. Alspach adjoining the home of the latter, and the next day began to erect her future home.

Mrs. Ina M. Randolph of 416 North Jackson street has purchased a home from J. L. Murphy at Alexander and Kenilworth streets for an investment. Mrs. Randolph also sold her beautiful corner lot at Windsor and Columbus to W. E. Wixon of Los Angeles, who will erect thereon two bungalows.

George Leaton of 504 Raleigh street is building a home for his father on a lot purchased on El Bonita street from Susie Reichart of Pasadena.

Mrs. Susan Nethery, formerly of Glendale and now living in Hollywood, has sold a home on East Acacia, near Brand, to Paul R. Hall of Inglewood.

Another former Glendale resident, C. E. Hodgman, now of Coldwater, Michigan, has sold his last holdings in this city, two lots on El Bonita to F. W. Yeo and Aaron Lamont. Mr. Yeo is already erecting a home and Mr. Lamont will do likewise.

Mrs. S. R. Pronegiani of Los Angeles, formerly of Glendale, has sold three lots at the corner of Garfield and Glendale avenues to William Griffin of 121 West Garfield as a bungalow court site and on which will be erected about eleven units.

TRAINING CAMP IS SUCCESS

The Y. M. C. A. training camp that was held at the Long Beach camp, Kamp Kole, was a great success according to the representatives of the various high schools of the county.

The camp ran for seven days, closing the end of last week. Between forty-five and fifty boys were present, most of them being leaders in their respective schools. Among them are two student body presidents, several student officers and a number of athletes. Included in the latter class was Tommy Myles, Los Angeles city champion of the 220-yard dash.

Excellent speakers were obtained. These included "Fighting Bob" Schuler of Los Angeles; Gale Seaman, college work secretary of the Y. M. C. A.; Mr. Ewing, principal of Pasadena High school, and Mr. Duckalls, district secretary of the California Y. M. C. A. Besides these were several speakers of less prominence, but with equally inspirational messages. The theme of the camp was "Developing Leadership."

**REV. LOUIS TINNING SERMON UPON LIFE WOMEN LEADERS IN
TAKES TOPIC OF IS DELIVERED BY BALLOTING TODAY
'KING'S COMING' DR. C. M. CRIST ON BOND ISSUE**

Some of Greatest Business Men Take Christ, Asserts Pastor During Sermon

The sermon at the Presbyterian church Sunday morning by the as-
sistant pastor, Rev. Louis Tinning,
was based on the words, "Blessed be
the king that cometh in the name of
the Lord." (Luke 19:38). A
resume follows:
"Jesus Christ is the world's true
king. He bears all the marks of a
kingly ruler. When we think of all
in the best of the earthly rulers, in
Him were all those best things. He
did not seek honor or power when
among men. On this one occasion of
the triumphant entry, when He rode
into Jerusalem kingly, yet it was also
humbly. Now He is the king of the
universe and sits in power at the
right hand of the Father. Men hon-
ored Him of old by hailing Him as a
royal ruler. We may still do this for
Him. How may we crown Him as
king?
"He may be crowned as king in the
home. He should be a topic in our
ordinary conversation. We speak of
all else freely and easily. Why shun
the name and kingdom of Christ
when we converse with those near-
est and dearest to us? He should be
recognized at our table in the saying
of grace, and at family worship. The
entire atmosphere of the home
should be charged and impregnated
with the spirit of Jesus as the king
and Lord of the home. You can no-
tice the different atmosphere in the
different homes.

As King in Business
"And He may be crowned as king
in business. We do not accept the
idea that this cannot be done. The
fact is that some of the greatest busi-
ness men of the world crown Christ
king through all their affairs. Are
there any changes we would need to
make in our business to adjust it to
this standard?
"He may be crowned in society.
Not society as the term is ordinarily
used, but society in the total, of all
kinds and characters—how much so-
ciety needs Jesus Christ? That meet-
ing of the Samaritan woman at the
well—how skilfully He handled it;
and she took Him as Lord, and
brought others; yet that woman had
been a sinner. And we are not to
spurn such; we are in the world to
let our lights shine where they are
needed. As His spirit works in us
it will work out toward all every-
where. If we love men as He loved
them it will be our joy to bring the
gospel message to those who do not
know it.

In Individual Heart
"We may crown Him in the state,
politically. How much He is needed
in the state, and yet, generally,
He does not have that place. Slavery
was driven out; the canteen was
banished from the U. S. army and
the wine mess from the navy; the
brutal prize ring is banished from
most of our states; intoxicating li-
quors are prohibited—what brought
about these things, made them pos-
sible? It was the church that made
them possible.
"And most important of all, Christ
must be crowned king in the individ-
ual heart, a place where He rules and
reigns. All that we have and are
must be laid at His feet for His use.
"And we crown Him with honor
in looking for Him as the coming
king. After His sufferings for us
were completed and He had risen to
glory, the angels said, 'This same
Jesus shall so come in like manner as
ye have seen Him go into heaven.'
When is that time coming?
We know not, but it is when He wills.
And it is for us to be ready when-
ever that is. We may know Him by
looking forward to His coming, the
song on our lips, 'Blessed be the king
that cometh in the name of the
Lord.'"

Challenges Statement
"Occasionally we hear the charge
that the gospel is out of date. But
I challenge the statement. For the
most up-to-date theme in this genera-
tion is the question of life. Men in
all generations have desired life, a
larger life, a fuller life. It is more
important than all the theologies and
embraces all the sciences and
its source is in Christ. Within a sin-
gle generation great discoveries have
been made. Men never studied more
and yet life is a mystery outside of
Divine Revelation. God's purpose
of Divine Revelation. God's purpose
is to make us to be bowed down to
merely material things. Although
limited and circumscribed by phys-
ical limitations, it is still possible for
us to think God's thoughts and reach
out to things eternal.

Far Below Privileges
"The tragic thing of life is that we
are living so far below our privileges.
We have formed an entirely wrong
conception. We are engrossed with
the transitory, the material things of
life and what we think is life is not
life at all. It is merely the sur-
rounding, the setting.
"Christ is saying to us this day, 'I
am come that ye may have life and
that ye may have it more abundantly.'
May we all earnestly seek
after and obtain this spiritual life."
Preceding the sermon there was
baptism and a large class was ad-
mitted to membership, coming from
different parts of this country, one
from South America and one from
the Philippine Islands.

AUTO CRASHES; NONE HURT
The usual number of auto crashes
took place in Glendale over the week-
end with no serious injuries reported.
H. N. McGuire of 221 East Broad-
way reports that H. W. Gidhavan's
car stopped in front of the former's
machine at Los Feliz and San Fer-
nando Roads, causing a smashed fender.
Gidhavan resides at 1902 Cor-
dova street, Los Angeles.
Paul Cerna's light car was smashed
at the Grand View oil station Sunday
by an unknown driver who didn't
wait to pay the damages. A Ford
roadster registered to H. L. Mitchell,
Venice was found back of a hill east
of Verdugo Road. It was apparently
abandoned and is at Fire Station No.
1 awaiting a claimant.

Mrs. Catherine Hoffee and Mrs.

fore. Their office is in the old Ford
agency building adjoining the new
Broadway Pharmacy which opens
September 25.

GOVERNOR FLAYS CLUBS
QUINCY, Plumas Co., Sept. 12.—
The California State Automobile as-
sociation and the Southern Califor-
nia Automobile club were flayed by
Governor William D. Stephens in his
speech at the dedication of the Plu-
mas county court house here. The
speech marks the first statement by
the governor in which he has taken
a stand in the highway controversy
between the auto clubs and the state
highway commission, in which the
former have charged the commission
with wastefulness in spending of
highway appropriations. "I am sure
you will condemn those who are
tearing down California's reputation
by utterances from the house-tops,
by publishing under large headlines de-
rogatory highway statements, that
contain a modicum of truth and a
very larger proportion of untruth
and exaggeration," said the govern-
or in reference to criticism of the
highway commission. The federal
government report of California's
roads was "loud in its praise" de-
clared Governor Stephens.

Interesting Address Is Made by Pastor; Large Class Given Membership in Church

A large audience gathered yester-
day morning at the First Methodist
Episcopal church and listened atten-
tively to an interesting sermon by
the pastor, Dr. C. M. Crist. His topic
was "Life in Its Fullest Terms."
Text, John 10:10: "I am come that
ye might have life and that ye might
have it more abundantly."
"Even the casual reader," said Dr.
Crist, "will find that life is the favor-
ite theme of the gospel. It is one of
the words most frequently occurring
in Christ's vocabulary. The words
life, life eternal, often falling from
His lips. It was a word common in
the thought and speculation of that
age. The young ruler, as he came
to Christ, had the thought in mind
as he opened his conversation with
these words, 'Master, what shall I do
to inherit eternal life?' And the
Apostle Paul also deals with the sub-
ject, saying, 'For your life is hid
with Christ in God.'"

Occasionally we hear the charge
that the gospel is out of date. But
I challenge the statement. For the
most up-to-date theme in this genera-
tion is the question of life. Men in
all generations have desired life, a
larger life, a fuller life. It is more
important than all the theologies and
embraces all the sciences and
its source is in Christ. Within a sin-
gle generation great discoveries have
been made. Men never studied more
and yet life is a mystery outside of
Divine Revelation. God's purpose
of Divine Revelation. God's purpose
is to make us to be bowed down to
merely material things. Although
limited and circumscribed by phys-
ical limitations, it is still possible for
us to think God's thoughts and reach
out to things eternal.

Naylor Rogers Returns
Mr. and Mrs. Naylor Rogers have
arrived from Washington, D. C., and
are staying for the present in Glen-
dale. Mr. Rogers, who is a classified
advertising manager, went to Wash-
ington last fall to work on a news-
paper there, but has been induced by
a flattering offer to return to Los
Angeles. He owns a pretty home on
East Eagle avenue in Eagle Rock,
occupied by Mrs. Nissen and family.

Shirley Mason Is Featured on Screen At Glendale Today
Shirley Mason, the diminutive
William Fox star, who has endeared
herself to local screen audiences,
proved again her exceptional ability
at the Glendale Theatre yesterday,
at the opening performance of "The
Lampighter," one of the most ap-
pealing stories ever told upon the lo-
cal screen.
In "The Lampighter," Miss Mason
is cast for the part of Gertie, a little
girl separated from her mother
through the agency of a stern grand-
parent—who refuses to recognize his
daughter's marriage. The child is
cruelly buffeted by fate in the form
of a dissipated old woman until,
through the friendly interposition of
a lovable old man who follows the
business of lamp-lighting, she is
eventually restored to her mother
and father and, with the sweetest
of her early troubled days, finds the
happiness so long denied her.
The story, while intensely roman-
tic, is nevertheless replete with
thrilling incidents, such as a fire
and explosion on a ship in harbor,
upon which most of the story's prin-
cipal actors have been gathered.

**Other interesting numbers com-
plete the big bill which holds over to-
day. Tomorrow will see both vaude-
ville and film features on the pro-
gram.**

City Council Favors Annexation Election
With Mayor Spencer Robinson and
Council Dwight Stephenson and C. E.
Kimlin present, a special session of
the city fathers was held this morn-
ing to order a resolution drawn up
accepting a petition from residents of
Los Angeles county territory lying
between here and Burbank for a
special election on annexation. J. R.
Grey, an interested property owner,
presented the amended plat for which
annexation is sought.
The city clerk also was authorized
to call for bids for a carload of 4-inch
water pipe, it being immediately
necessary, according to F. Diederich,
superintendent of plant and production
of the public service department.

COME HERE FROM CATALINA
Lehman W. Crandall and Miller
Fisher of Avalon, Catalina Island,
former residents of this city and well
known local high school athletes,
spent the past week-end in Glendale
visiting friends and relatives. Both
of the young men, who have been
employed on the island for the past
few months, have just finished an
unusually strenuous season and came
to Glendale for a brief rest. They
are returning to Catalina this after-
noon.

Park and City Hall Projects at Eagle Rock Are Being Voted on at Polls

Eagle Rock today is engrossed in
an election. Bonds for a park and
city hall provide the question of ut-
most interest in the minds of those
who reside in the valley east of Glen-
dale. Both improvements are vis-
ibly needed.
Women of the community, headed
by the Twentieth Century club, are
leading the drive to get all of the
voters to the polls. They have es-
tablished headquarters and are driv-
ing their own cars for the good of
the cause.
The Parent-Teacher association
also is doing its part in getting the
civic improvements.

Sourdoughs Gather Tonight
Captain H. L. Suydam, of Eagle

all the "sourdoughs" for a camp fire
at Sycamore Grove tonight. Baked
beans, sourdough bread and coffee
will be served to those who have
been or expect to go to Alaska.

New Block for Eagle Rock
Here is a starter for September
building in Eagle Rock. The Cad-

cost \$20,000 to be located on West
Colorado boulevard, across the street
from the library. Work will begin
at once.

Hold Woman for Murder
PORTLAND, Ore., Sept. 12.—
Gaunt and weary, her whole de-
meanor betokening utter hopeles-
ness, Mrs. Alma Wurtzberger, ac-
cused of murdering her husband, is
in the county jail here today await-
ing action by the federal grand jury.
She is said to have killed her hus-
band with a heavy hammer as he was
sleeping. His skull was found
crushed to a bloody pulp.
"He beat me terribly," Mrs.
Wurtzberger told Kenneth Frazer,
United States commissioner, before
who the preliminary hearing was
held late Saturday. "Sometimes he
has beaten me until I thought I
would die. Many is the time I
thought each beating would be the
last, but somehow I managed to live
on. He would not let me go away, I
had to stay with him."

B. B. Atwood Here From Gardner, Mass., and is Established at 430 Burchett

Mr. and Mrs. B. B. Atwood, Mr. and Mrs. George H. Kennedy and children, Roderick and Dorothy, and Miss Lilla E. Litch, all from Gardner, Mass., arrived in Glendale on Friday of last week and are now established in their Glendale home at 430 Burchett street.

When Mr. Atwood visited here last March for the first time after thirty years in the real estate business in his native state, he made a heavy investment through the H. L. Miller company of 109 South Brand boulevard. He will continue in his line of work, building and selling homes to others who select the fastest-growing city in America of its class as the best place to reside.

Brings Other People
 To say that Mr. Atwood is an ardent booster for Glendale seems very mild considering that he, personally, brings six people besides himself to this city. Miss Litch was instructor in music for a number of years at the Cushing academy in a suburb of Gardner. She will engage in similar work here.

All of the furniture for both families was received here almost simultaneously with their arrival from the east and not a scratch was to be found on it, which Mr. Atwood considers quite a record. He personally supervised its packing and turned it over to a forwarding concern.

Arbuckle Film Banned
 Without announcement or comment Roscoe Arbuckle's latest motion picture, "Gasoline Gus," was withdrawn from a Los Angeles theatre yesterday, the last day of a week's run. The withdrawal followed the arrest of the big comedian in San Francisco, where he is held without bail on a murder charge in connection with the death Friday of Miss Virginia Rappe, screen actress, following a party in Arbuckle's suite in the St. Francis Hotel, San Francisco.

Seek Man As Kidnaped
 San Pedro police last night received a telegram from the police of Corona requesting the harbor authorities to keep a lookout for Archie L. Blake, 35, charged with having kidnaped Margaret Jacobs, 15, at Corona, September 6. According to F. E. Redans, Corona chief of police, Blake and the girl left there in a new small auto and were believed to have headed for Los Angeles harbor.

\$90,000 Gym for L. A. Girls
 With impressive ceremonies ground was broken yesterday afternoon for plunge and gymnasium to be erected by the Y. W. C. A. upon its new site at 941 South Figueroa street, Los Angeles. The structure which is estimated to cost in the neighborhood of \$90,000 will be the first of three units which the association plans to erect in the future.

3000 Insurance Men Here
 Three thousand insurance men will be in Los Angeles by night, ready to attend the first event of the twenty-sixth annual convention of the National Association of Insurance Agents Tuesday night. It is to be a "get together" dinner at the Ambassador Hotel.

Supervisor's Wife Dies
 Mrs. Grace G. McClellan, wife of R. F. McClellan, county supervisor, died at her home, 1203 Santa Monica boulevard, Sawtelle, yesterday morning. She had been ill for six months, her illness starting with a cold.

One Way to Speed 'Em Up

The Pasadena High School is installing phonographs in the commercial department to speed typewriter practice. Fortunately, the music department of the local high school is located opposite the commerce rooms and the cost of music boxes will be saved.

Train Them to Battle Crime

One thousand country officers, deputy sheriffs picked from the automobile and garage men of the county principally, will be trained to fight crime in Los Angeles county, according to the announcement coming from the sheriff's office. Combined with this project there will be a homicide squad operating in conjunction with the Los Angeles police department.

Glendale Still Holds Title

T. E. Farrell of 1231 West Fifty-first street, Los Angeles, says Joe Griffin of Glendale can't hold the record for growing the largest sunflower. The former boasts of one 15 inches across. But Mrs. Edith Crooker of 407 Burchett street, Glendale, already has reported that the garden at her home raises a sunflower seventeen inches in diameter.

Starts Drive for Members

Sawtelle's Chamber of Commerce has officially announced a drive for 500 members. A tent has been erected in the city park for headquarters by James O. Stevenson, who is directing the campaign, and he has invited former City Manager T. W. Watson of Glendale to address a mass meeting on the desirability of civic organizations in city building.

Double Program Is Being Presented at Palace Grand Today

Comedy and tragedy are sometimes so close akin that it is hard to distinguish one from the other. Those who have never lived in a New York boarding house will find much to amuse them in the scenes depicting such an institution in Maurice Tourneur's newest photoplay, "The Foolish Matrons," which is now being exhibited at the Palace Grand. But those who have really lived amid the stewed prunes and hash; the red table cloths and the old maid gossip will sympathize with Doris May, as a bride in the story, comes to just such a place to live.

"The Foolish Matrons," is enacted by an all-star cast including Hobart Bosworth, Doris May, Mildred Manning, Kathleen Kirkham, Charles Meredith, Betty Schade, Wallace MacDonald, Margaret McWade, Michael Dark and little Frankie Lee.

Tense situations that have rarely been eclipsed in anything ever shown on the screen, brilliant acting of one of the most talented stars, accurate and vivid portrayal of the days of the gold rush to Alaska—these are some of the highly commendable features of Dorothy Dalton's latest Paramount picture, "The Idol of the North," also seen on the big double bill closing tonight.

A fox, believed to be suffering from rabies, recently attacked a planter near Huntsville, Alabama, overpowering his and sinking his teeth into his flesh in several places. Life is not all plays and poems.—B. Shaw.

DEHYDRATED MENU PROVES SUCCESS AT BURBANK

Even Chickens 'Come Back' As You Will See at Valley Fair Next Week

Success crowned the experiment in the dehydration of chicken which was conducted by the Genevieve Jackson Food Products company, in the Burbank Canning company plant, last week. It was celebrated by the officials of the company at a dinner at the Santa Rosa hotel last Thursday evening when they sat down to a complete meal composed of dehydrated products and bravely "took their own medicine."

"From soup to nuts" even including the drinks, the dinner was composed of dehydrated products, including vegetable soup (eight varieties of vegetables) chicken with parsley, Irish potatoes, sweet corn, green beans, sweet potatoes, salad composed of lettuce, sliced tomatoes and cucumbers, pumpkin pie, and a drink made with powdered lemon and orange.

This complete meal will be placed on display under the auspices of the Burbank Women's club at the San Fernando Valley fair September 19 to 24.

Plunge for San Fernando

San Fernando soon is to have a large swimming pool. It will be located along San Fernando Road near the Pacoima wash bridge and will be ready for use in the very near future. It is to be built by the San Fernando Valley construction works which also is to erect a large plant near the same location.

First Car Beans Shipped

The first carload of the 1921 crop of beans to be shipped from the San Fernando valley was sent out last week by the Zelzah Warehouse company. They were of the black-eye variety and were grown by Beryl Wilson.

Pigeon Farm for Lankershim

C. I. Wolfley, who recently purchased property in Lankershim, is moving from Eagle Rock and installing his pigeon farm there. He is a heavy producer of squabs and hopes to work up his plant to a capacity of 70,000 to 80,000 squabs annually.

Van Nuy's Sold Birthright

Los Angeles' city council is playing horse with Van Nuy's in the matter of cleaning up its streets. "As the part of the valley annex bearing the heaviest part of the city taxes, this city is entitled to more consideration than we are getting in this matter," says the Van Nuy News, "and the citizens are getting sore."

Cannery Needs Workers

The Van Nuy Canning company, which is now in the midst of the peach pack, is in need of more women workers and steady employment is offered at good pay. A large number of Van Nuy women are employed in the plant and find the work very pleasant and remunerative.

Moreland Plant Resumes

The Moreland Motor Truck company at Burbank has again started in regular production on a limited schedule, after being shut down for a number of weeks. It was the last among the truck manufacturing establishments of the entire country to close down and one of the first to resume.

Go East for Dairy Stock

Charles W. Anderson and W. G. Simon left Burbank last week for points in Ohio, where they will look over a number of dairy herds with a view of purchasing some high grade stock. Mr. Anderson is interested in Holsteins and Mr. Simon in Guernseys and Jerseys.

ADVANCEMENT OF SCIENCE

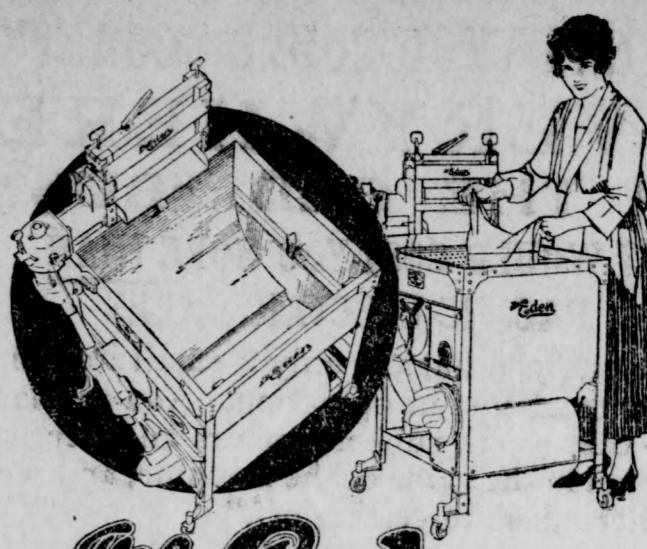

PORTERVILLE, Sept. 12.—Henry P. Hawkins, rancher at Clovis, near here, believes that "moonshine" irrigation will help his withered tomato vines, and has asked Sheriff Jones to supply him with liquids for the experiment. The test, according to Hawkins, will not only serve science, but will enable Sheriff Jones to dispose of a quantity—almost any quantity—of otherwise non-transportable beverages.

"I have noticed that the government has been sending T. N. T. nitroglycerine et cetera to farmers to assist them in raising their bean crops," Hawkins wrote, "and I thought you might be willing for the advancement of science to send me a couple of quarts of moonshine to try on my tomato vines. I assure you that none will be wasted, or go in the sewer, and I will return the empty bottles."

"P. S.," added Hawkins, "You can send a case if you can spare it."

**ROMANCE RECALLED;
DAYS OF SPANISH
DONS REVIVED**

**Elaborate Barbecue and Social
Gathering Held Saturday
Night at Woodlands**

Days of the Spanish dons!
When knighthood was in flower
and lovely señoritas danced
and sang and told stories by the
blazing camp fire. And the busy
senoras served feasts of barbecued
beef and other viands that savored
of old Spain.

That was the spirit of a social
event sponsored by Mr. and Mrs.
Robert Russell, Mr. McCloskey and
Miss Kathleen Shippen at the Old
Adobe in Verdugo Woodlands
Saturday night. About 100 guests
sat down to the bountifully-laden
tables under the ancient rose tree
which spreads over the portico of
the ancient home of the Verdugos.

All of those attending were
interested in the various arts and
the guests included people from
many points in southern California,
including Glendale and Los Angeles.
They came colorfully costumed
recalling the days of Spanish romance.

Barbecue Well Prepared

The deliciously-prepared barbecue
was the work of Robert Russell and
G. D. Mason and it took twenty-four
hours of unremitting labor to roast
the thirty-five pounds of meat. How-
ever, it befitted the occasion and not
a scrap was left. To Mrs. Russell
goes the credit of providing the
"trimmings" while Mr. McCloskey
and Miss Shippen received the guests.

An impromptu program was
arranged later in the evening around
a great camp fire which lighted the
hills and Madame C. F. Zaruba was
a feature with a number of solos.
The guests included:

Among Those Present

Elizabeth J. W. Shippen, G. D.

Mr. and Mrs. S. Russell, Ella W.
Richardson, Mrs. S. F. Phillips, A.

ardson, Bert Newport, Mary Urriss,

There were others present, but
they failed to register. All agreed
that their hosts know how to make
a delightful evening's entertainment
in the peaceful hills of Verdugo Wood-
lands.

CONSIDER TAX PROBLEMS

WASHINGTON, D. C., Sept. 12.—
The administration's tax program
was in the hands of congress today.
As a result of Secretary of the
Treasury Mellon's appearance before
the senate finance committee that
body had before it the most definite
facts and figures obtainable concern-
ing the administration's proposal for
raising the revenue needed to run
the government. Virtually all Mel-
lon's recommendations were received
favorably by republican members of
the committee and probably will
figure in the bill as it is finally enacted.
If the bill is drawn as Mellon wants
it, here's what the treasury claims
it will do:

Bring into the treasury a greater
sum in income taxes, both from in-
dividuals and corporations. Make
the low salaried man's income tax
lower. Relieve business of the ex-
cessive profits and capital stock taxes.
Retain practically all other existing
taxes with some changes in their
forms, rates and methods of collec-
tion.

DELEGATION BY SINN FEIN

DUBLIN, Sept. 12.—Sinn Fein will
send Arthur Griffith, Professor Mc-
Neil, Ralph Barton and possibly one
or two others as its delegation to In-
verness to confer with the British
cabinet's committee, it was learned
on the best of authority. The Dail
has virtually decided to accept the
invitation of Lloyd George for the
conference, despite extremists' objec-
tions to the condition that Ireland
must remain within the empire. The
truce was further endangered by the
kidnaping of two constables at Ban-
don, which followed the shooting of
a civilian there.

SEEKS ROMANTIC BURGLAR

DENVER, Colo., Sept. 12.—Police
are searching for a romantic burglar
who leaves a note with his victims
signed "Art C." Miss Shirley For-
sythe, high school student, left a
sheet of paper in her typewriter
headed "Geography." This morning
she found three additional entries.
"I was looking for money. Haven't
found it—Art C."
"P. S.—I have found it."
"I hated to do this but I am lone-
some. With love—Art C."
Investigation showed Art was
right. A five-dollar bill was missing.

**Horace Anderson Is
Back From Extended
Journey Through East**

Horace Anderson, son of Mrs.
Anita K. Anderson of 454 West Maple
avenue, is home from an extended
trip which took him to Canada and
into Mexico. He left Glendale June
15 and returned last Saturday. This
young traveler is employed in the cir-
culation department of The Glendale
Evening News, worked noons at the
high school cafeteria last year and in
the evenings made special deliveries
for Spohr's Drug store in addition to
keeping up his studies.

In this manner he gained the
money to visit relatives in the east
and see many of the industrial, farm-
ing and mining centers of east and
middle west. He started his vacation
at the Golden Gate where he saw San
Francisco and the Bay cities. From
there he went to Lake Tahoe for a
few days and then visited Salt Lake
City.

Enters Flood District

Horace was on the first train to
carry passengers into Pueblo after
the disastrous flood and he spent a
few hours at Colorado Springs to get
acclimated before ascending Pike's
Peak. Denver, Omaha, Minneapo-
lis and Iowa points were visited.
Then he went to Milwaukee, not so
famous of late, and after a visit to
Chicago and Detroit, he invaded Can-
ada and saw Toronto. From there
his trip was homeward bound, in-
cluding Springfield, Ill., St. Louis,
Memphis, New Orleans, Houston and
El Paso.

At the latter point he tipped a
chauffeur a dollar and account of
his size he rode right by the customs
officers who thought he was a boy
about town. He is that here, alright,
and as it was Labor Day, no one
questioned his right to a holiday in
Mexico.

"It sure don't smell like the
United States down there," said Hor-
ace, who has a keen sense of humor
as well as smell. "Especially where
the doors swing inward," he added.
Tucson was the last point visited and
that was dry enough to make up for
any wetness across the border, says
Horace.

**Just Another Bit
of Evidence Tourist
Hotel Greatest Need**

R. H. Cullum of St. Paul, Minn.,
writes this paper as follows:

"A friend sent me a copy of your
paper and I did not see a hotel ad-
vertised. I wish to come to Glen-
dale early in October and would like
the address of some place where I
could make reservations for two."
All of which brings up the moot
subject of a tourist hotel in Glendale.
At present there is no such place.
There are hotels, but they make no
bid for tourists other than those who
are permanent roomers.

Mr. Cullum's request has been re-
ferred to the Chamber of Commerce
which has a committee on hotel fac-
ilities. It seems as though Glendale
has its share of certain lines of busi-
ness, but someone is overlooking a
bet in not establishing a winter re-
sort here.

Think of the courage it must have
taken among the promoters of the
hotel building which is now occupied
by the Glendale Sanitarium. That
was three decades ago when Glen-
dale didn't have a fraction of its
present 22,000 population.

MAJOR A. J. BAYLEY HERE

Major A. J. Bayley of the medical
corps of the United States army sta-
tioned at Benning, Georgia, arrived
in Glendale Saturday night to visit
his parents, Mr. and Mrs. A. A. Bay-
ley of 400 Salem street. Major Bay-
ley is a native of California, having
been born in Los Angeles county. He
was with the American Expeditionary
forces in France during the great
war from the commencement of the
activities until the signing of the
armistice and saw service in five en-
gagements.

Major Bayley expects to remain in
Glendale for a month and will then
return to Camp Benning to resume
his duties. The major is quite en-
thusiastic over the beautiful appear-
ance of Glendale and is amazed at
the progress it has made since his
last visit here about two years ago.

the large clubhouse has just been
started.

INVASION OF WILDERNESS

YELLOWSTONE PARK, Wyo.,
Sept. 12.—With zero weather and
snowstorms threatening, Secretary of
the Interior A. B. Fall insisted on
taking his proposed trip by pack
horse into the wilderness section of
the park to get data on wild game
herds. The party, in charge of ex-
pert guides will start Tuesday and
plans to sleep out three nights, it
was announced. Secretary Fall

**Mrs. Ella Richardson
and Committee Will
Visit San Fernando**

Mrs. Ella W. Richardson, general
chairman of Glendale for the San
Fernando Valley fair, and her com-
mittee will visit San Fernando Wed-
nesday and view the big tent which
has been put up there for the fair,
in this way getting an idea as to how
to best place the various exhibits
which will be displayed by the peo-
ple of Glendale. Mrs. Richardson
states that the people of Glendale
residing in this city and that a splen-
did collection of pictures has been
promised for exhibition at the fair.

In connection with the picture gal-
lery, Mrs. Richardson hopes to be
able to have the pictures displayed at
one of the new store buildings in
Glendale after the fair and in this
way also secure money to help along
the good work at Monte Vista lodge.
Mrs. Richardson also states that
there is a French woman in Los
Angeles, who will be returning to
her native country in about six
weeks and who wishes to leave a
small token of appreciation of the
great part this country played in the
late World War, and has expressed
her willingness of giving a series of
twenty French lessons at the home
of Mrs. Richardson for the benefit
of the Monte Vista home for un-
der-nourished children of Los Angeles
county.

**Student Recital Is
Given to Friends at
Dramatic Art Studio**

Mrs. Evelyn M. S. Labadie, direc-
tor of the Dramatic Art Studio of
Glendale, assisted by one of her pu-
pils, Miss Helen May Steele as host-
ess, entertained a group of fifty
friends at her studio, 101 North Cen-
ter street, at a recital given Saturday
night by Miss Vivian Aston, vocal
teacher, and Miss Dorothy Wright,
classical dancing teacher, as the
opening event of the season's work.

It is the intention of Mrs. Labadie
to have student recitals every Sat-
urday evening. She will be assisted
at these by two pupils, acting as host
and hostess, the idea being to give
them ease in entertaining and re-
ceiving at similar social events.

The program given Saturday in-
cluded "Villanelle" (Deil Aqua),
sung by Miss Vivian Aston; "Awaken-
ing of a Statue" and "Ectasy,"
danced by Miss Dorothy Wright;
"Mamma's Song" and "Alaba-
ma Coon," Miss Aston; "The Se-
cret" and "The Fountain," Miss
Wright; "By the Waters of Minne-
tonka" (Laurance), and "Land of
the Sky-blue Water (Cadman), Miss
Aston; "The Shepherdess" and "The
Pursuit of a Butterfly," by Miss
Wright. The dance and music of
the latter were dedicated to Miss
Wright by the composer, Howard.
The second part of the program was
a play, "Will o' the Wisp," which
finished up with Miss Aston singing
the song by this name and Miss
Wright interpreting the dance.

At the close of the program Mrs.
Labadie gave a short talk, the theme
of which was "Expression." She
stated that 75 per cent of expression
is mental and twenty-five per cent
physical.

Miss Aston has studied with Ka-
blansky and Edward Strong of New
York and has toured throughout the
east. Miss Wright has studied with
the Morgan dancers of Los Angeles
and finished her work in Wash-
ington, D. C. Appropriate costumes
worn by Miss Wright greatly aided in
her artistic interpretation of the var-
ious dances.

The "wordometer" is a new inven-
tion which is hitched up to the space
bar of the typewriter and tells the
number of words which has been
written.
